General Installation Notes:

Please read these instructions completely before beginning the installation. If you have any questions please call.

Before beginning the installation, disconnect the negative battery cable and use wheel chocks to block the vehicle's wheels.

This Dimmer Switch Cover is designed to fit most floor-mounted dimmer switches found in U.S. domestic vehicles. The inside diameter is slightly larger than 7/8".

Fig. 1

Step 1: Clean the top surface of the dimmer switch with rubbing alcohol, lacquer thinner or acetone. Allow to dry completely.

Step 2: Place a small amount of the adhesive of your choice on top of the dimmer switch.

Step 3: Install the Dimmer Switch Cover onto the dimmer switch and press into place.
